Dear Parent or Guardian,

Our school district provides an English language program for students who need instruction in English as a Second Language (ESL). Based on our assessment of your child's English language skills, however, it has been determined that he/she is not eligible for ESL. His/her English language proficiency has been measured to be at a level where additional services are not needed.

If you have questions regarding the ESL program or wish to discuss the assessment of your child's language proficiency, please contact either:

- Maria Peters, Supervisor of Special Education (732) 556-2054
- Anthony Abeal, West Belmar School Principal (732) 556-2560

Regards,

Jill C. Dobrowansky, Ed.M.

Director of Curriculum and Instruction

Maria Peters, Ed.M.

Supervisor of Special Education
