December 2016

The New Jersey Electronic Security Association (NJESA), an official chartered chapter of the Electronic Security Association (ESA), is pleased to announce the availability of college scholarship awards to sons and daughters of active-duty police and fire personnel.

The ESA has more than 2,500 members and the NJESA has over 300 members. Our members are companies that sell, design, install, maintain, and monitor electronic burglar and fire alarm systems. This scholarship award is a small way for our industry to say thanks to our very dedicated public safety community and to help pay for an advanced education for deserving students.

The scholarship awards, in the amounts of \$1,500 for first prize and \$1,000 for second prize, are available to qualified high school seniors.

An exciting aspect of this scholarship is that the first place winner from our state is eligible for the national scholarship awards. The ESA Youth Scholarship Program awards two scholarships. The first place national winner will receive \$7,500 and the second place national winner will receive \$2,500.

Please publicize this scholarship opportunity. A copy of the requirements and application can be found on our website: www.nj-esa.org.

Please note that the deadline for all applications is March 10, 2017 (postmarked).

We are happy to provide this opportunity to two deserving students and look forward to assisting you in any way. If you have any questions, please contact Christine Higgins at 609-695-4444.

Sincerely,

Gerard Duffy
