"Building a tradition of excellence... one block at a time!"

SAT PREP COURSE

This course is designed to help students prepare for the NEW version of the SAT. During the mathematics sessions students will engage in methods for applying math taught in the classroom to the questions presented on the SAT. With helpful tips along the way, students will engage in activities to strengthen their critical reading, sentence completion, grammar and SAT writing skills. A diagnostic SAT test will be administered for each student as well as a practice SAT. Strategies will be individualized to meet student needs.
