

2016-2017 Governor's Educational Service Professional of the Year

Intermediate School:

Ms. Gilvary has served as our School Family Liaison Counselor for 6 years. In that time she has worn multiple hats. She is our Anti-Bullying Specialist, she heads our School Safety Team, she oversees our Extended School Day program and she coordinates our Knights in Training program. Although she excels in all of these roles, Ms. Gilvary was chosen as Educator of the Year because of her amazing rapport and relationships with our students. Whether she's intervening in 7th grade girl drama or screening a child in crisis, Cailyn always treats our students with kindness and respect. Students know that even though they make a poor choice on Monday, she will greet them with open arms on Tuesday. She has a constant flow of kids, who sometimes just need a safe place to chat and she listens and guides each one positively. We are happy to announce Ms. Cailyn Gilvary as Wall Intermediate School's Education Service professional of the year.
